New construction on Bonaire with professional guidance

Catalog Model I is a spacious home with a beautiful appearance in line with Antillean architecture. The property features 3 bedrooms, 2 bathrooms, a generous covered terrace, and offers the option to add a refreshing swimming pool according to your preferences.

The design is by [Okhuijsen Bonaire](#), renowned for its attention to detail and high-quality finish. Minor adjustments to the design can be made to fully customize it to your needs.

Location

Lot 1 is located at the outer ring of the Suikerpalm allotment. The location of this lot is adjacent to an undeveloped zone between La Palma and the Donkey Sanctuary. With only a 5 minute drive to the Sorobon area to the east and only a 2 minute drive to the nearest beach 'Bachelor Beach' to the west this allotmentplan is located in between the most beautiful coastal areas of Bonaire. The center of Kralendijk is only a 10-minute drive away.

Including construction supervision

From the design and permit application through to the completion, you will be guided by an experienced project manager who serves as your primary point of contact throughout the entire construction process. This project manager will coordinate with contractors, architects, and other involved parties. This ensures a professional execution and allows for your personal preferences to be accommodated. This guidance covers the entire process: from the initial design and construction management to the completion and post-construction support.

Association of owners of roads and facilities Suikerpalm - Annual contribution per plot is USD 200.00.

Lay out

The house features a covered entrance at the front. Inside, you'll find a spacious living room with an open kitchen, which is adjacent to a convenient indoor storage room.
